

WE NEED YOU

Now More Than Ever!

United Way
of Johnson County

It is tough right now!

COVID-19 has shattered our world. One way or another COVID-19 has impacted each of us. For our community of not-for-profits it has been extremely difficult.

- Agencies are serving more clients—several are serving twice as many clients.
- Many agencies had to completely re-work their entire programming to serve clients in a safe and effective manner.
- Each one of our agencies has lost income because of cancelled fundraisers or loss of program fees. Some of our agencies have lost over \$100,000 or 1/3 of their income.

BUT your donations have kept the agencies going. Your donations were the constant for the agencies. They could count on your United Way donations coming to them each month.

“ I will never forget going out to the mailbox and feeling extremely defeated and opening up the mail box and there’s a check from the United Way. It is the constant ally that we need right now and the constant support that it provides us. We can’t do what we do without United Way. ”

— Andrea Sutherland, executive director, The Social of Greenwood

These are uncharted times for all of us

We, as a United Way family of agencies, are determined to make sure we continue to serve clients through the valuable services that the citizens of Johnson County so deserve during the COVID-19 crisis and long after.

Now More Than Ever!

- We need to make sure all youth serving agencies have the resources needed to operate so our children and their families have somewhere to turn for a sense of normalcy in these very uncertain times.

Now More Than Ever!

- Services are needed to help those trying to escape domestic violence.

Now More Than Ever!

- Agencies need to be available for families who are at risk of losing their housing because a tragedy has turned their life upside down.

Now More Than Ever!

- Life-line services are vital when families have no idea where to turn because a health diagnosis has devastated their family; a fire has destroyed their home; or a parent is now a single-parent raising his/her children with reduced or no income.

Now More Than Ever!

- Transportation services are essential so individuals can get to jobs and medical appointments.

Now More Than Ever!

- Senior services are critical as they reach out to our seniors who have been so isolated and lonely throughout this pandemic.

Nineveh Area Senior Citizens Center, Inc.
